

Root 150 - Stage Plot

Please see detailed input list on next page.

VM = vocal mic

IM = instrumental mic

DI = direct input

Note on Monitors:

We will require two monitor wedges as shown (for the lead vocalist and lead guitarist). The other band members use in-ear monitors. We run our own monitor mixes from a digital board on stage. We are able either to provide transformer-isolated splits for all inputs to the front of house snake if needed, or we can receive splits from the house board if available.

Personnel:

Eric Bucher - Bass, backing vocals
Sal Demetrio - Drums, backing vocals
Pete Kolifrath – Lead guitar
Lenny Simonelli – Lead vocals
